Mission Statement

1. Ultra Health Physical and Aquatic Therapy is committed to providing the highest quality health care possible. While working closely with our patients' and referring physicians, we provide the opportunity for various types of procedures and modalities, and we carefully evaluate each patient to determine what will work best for you. We are committed to continuing our education on physical therapy techniques in order to provide our patients with the best care as possible.

2. Our goals are to reduce your pain, increase Range of Motion and Strength, improve your posture, educate you on proper body mechanics, and a home exercise program. After your evaluation, we will send a detailed report stating our findings and our treatment plan to your doctor.

3. It is important to follow your doctor and PT treatment plan if given a home exercise program. You must attempt to do this as this will shorten your therapy treatment and improve your progress. If your prescription says 3x a week, you should come 3x a week. Again, this will help reach your maximum potential.

4. Co-pay must be paid at every visit. Again, if your treatment calls for 3x a week you should come 3x a week. If you can not afford a 3rd co-pay or any co-pay please speak to the receptionist/therapist and we will try to make other arrangements. You should never allow a co-payment to compromise your health. Again, if there is a financial reason, talk to someone.

5. If you ever have any problems, complaints, or suggestions please do not hesitate to speak with me, Edward Kalten PT at [631] 328-5920

Thank you,
Edward Kalten PT, Director
